

COMPANY PROFILE

Sunford valves company is a Bureau Veritas Certified leading Industrial Valves Manufacturers based in Surat, India, managed by dynamic and highly technically qualified partners and professionals Sunford Valves is a truly integrated and incredible innovative company performing activities include the design, material procurement, manufacturing, assembly and testing of valves. Our experience of 3 decades in valve industry is the key to our success & recognition in the Indian market.

SUNFORD manufactures Gate, Globe, Check, Ball, Butterfly, Wafer Type Check Valve, Strainers etc. in all size and class with any material of construction as per customer requirement like Carbon Steel, Alloy Steel, Stainless Steel, Duplex, Monel etc. adhering to National and International Standards such as API 600, API 602, BS 1873, BS 1868, BS 5351, BS 5352 etc. The organization has excellent in house manufacturing and testing facilities with state of art technology for Design and Manufacture of Industrial Valves. The organization has an added advantage of experienced and trained personnel working with the motto of Quality Products, Best Services and Timely Delivery at competitive Prices to remain customer's first choice.

Design and Engineering

Sunford engineering department's mission is design innovation. Our ability, experience and expertise through the use of sophisticated technology and CAD/CAM equipment results in the manufacturing high quality industrial valves for wide range of applications.

Manufacturing

Sunford Valves manufacturing unit is equipped with latest mach series equipments includes CNC machines as well as semi automatic machine and test facilities spread over 14000 sq ft area. Our production team of skilled workers ensure to employee latest state of art modern techniques in the entire cycle of production under stringent quality control procedures. All industrial valves manufactured to the highest degree of accuracy to ensure trouble free long life and guaranteed interchangeability of valves and spares.

Quality

Certified by ISO 9001:2015
Lean Manufacturing Practices follows
Six Sigma, Kaizen, 6S, TQM & Total
customer Satisfaction. In-house Full Scale
Testing Facility.

Customer Service

Sunford has fully integrated customer services division, which fully geared to react speedily to all customers inquiries and serve them by providing best solution suitable for their requirements.

Industries We Serve

Textile, Chemical, Pharmaceutical,
Oil & Gas Processing, Petrochemical,
Power Plants, Marine, Packaging,
Steel and Cement, Water Treatment,
Food & Beverages, Cooling Plants,
Pulp & Paper Industries

Sunford Valves Advantages

- Strong management team, stable company
- Products proven to offer:
- Low emissions
- Easy maintenance
- Long and reliable service
- Low total cost of ownership
- Quality that lasts

What Gives Us An Edge Over Others?

- Latest cutting edge technology
- Safe and sound operations
- Customized solutions
- Premium quality valves of variegated types
- Cost-effective
- Timely delivery
- End-to-end solutions
- Innovative products

Our Commitment

- To understand customers' NEEDs first before proposing our product.
- To keep providing competitive RATES by continuously improvement in process without compromising in quality.
- To provide continuously support to our customer and go beyond their expectations in terms of quality, delivery and after sales services.

ESTATE, SACHIN, SURAT - 394 230, GUJARAT, INDIA.

Bureau Veritas Certification Holding SAS - UK Branch certifies that the
Management System of the above organization has been audited and found to
be in accordance with the requirements of the Management System standard
detailed below.

Standard

ISO 9001:2015

Scope of certification

**MANUFACTURE AND SUPPLY OF GATE VALVE, GLOBE VALVE,
MANUAL AND AUTO BALL VALVE, CHECK VALVE, CONTROL VALVE,
BUTTERFLY VALVE, STRAINER, FLUSH BOTTOM VALVE**

Original cycle start date: 19 November 2019

Expiry date of previous cycle: Not Applicable

Certification Audit date: 19 September 2019

Certification cycle start date: 19 November 2019

Subject to the continued satisfactory operation of the organization's Management System,
this certificate expires on: 18 November 2022

Certificate No. IND.19.10523U Version : 1 Revision date: 19 November 2019

0008
